

MICHIGAN STATE UNIVERSITY

November 8, 2019

To whom it may concern:

By signing below, I acknowledge that I am listed as a collaborator on the proposal entitled "Simulations of galactic magnetism," with Professor David Collins of Florida State University as the Principal Investigator. I agree to undertake the tasks associated with me as described in the project description of this proposal, and/or commit to provide or make available the resources designated in the proposal.

Sincerely,

Dr. Brian W. O'Shea
Professor, Department of Computational Mathematics, Science, and Engineering,
Department of Physics and Astronomy, and National Superconducting Cyclotron
Laboratory
Director, Institute for Cyber-Enabled Research
